## PROFESSIONAL SUMMARY

---

Computer science undergraduate with hands-on experience in Java and Python, foundational knowledge of Artificial Intelligence and Machine Learning, and frontend development using HTML, CSS, and JavaScript. Experienced in building academic and personal projects involving databases, version control with GitHub, and problem-solving using object-oriented principles.

## SKILLS

---

- **Languages & Web** : Python, Java, JavaScript, HTML, CSS
- **AI/ML & Tools** : AI/ML, NLP, CNN, MySQL, SQLite, Git/GitHub, OOP

## EDUCATION

---

|                                                                                |                   |
|--------------------------------------------------------------------------------|-------------------|
| <b>Bachelor of Technology in Computer Science (B.Tech) :</b><br>GLS University | 08/2023 – Present |
| <b>Higher School :</b><br>Hiramani Higher Secondary School                     | 06/2018 – 05/2023 |

## PROJECTS

---

### HIRELOOP AI-POWERED RESUME TAILORING PLATFORM :

*Tech : Python, AI/ML, HTML, CSS, JavaScript.*

- Built user interface and resume upload workflow, working on resume-job description matching logic using NLP-based matching.

### SCAM ANALYZER :

*Tech : Flutter, SQLite, ML Classification*

- A hybrid AI model that detects scam messages in real time combining Naive Bayes classification with rule-based pattern matching for higher accuracy.
- Processed 1000+ messages.

### SATELLITE IMAGE CLASSIFICATION MODEL :

*Tech : Python, TensorFlow, CNN*

- Deep learning model classifying land cover types from satellite images using CNN.
- Classified 5 land cover categories.

### PC & LAPTOP RECOMMENDATION SYSTEM :

*Tech : HTML, CSS, JavaScript*

- Web app recommending best PC/Laptop based on budget and usage needs.

## CERTIFICATIONS

---

- **ACCENTURE** – Software Engineering Job Simulation
- **COURSERA** – Core Java Fundamental Course
- **JPMORGAN** – Software Engineering
- **TATA** – GenAI Powered Data Analytics
- **DELOITTE** – Data Analytics Job Simulation
- **GREEN SKILLS AND ARTIFICIAL INTELLIGENCE** - under Skill4Future Program.
